Re: Bulk Waste Disposal  
Vincent Golembiowski  
Property

Dear Mr. Redman

The Board of Sandusky County Commissioners has been approached by Mr. Golembiowski regarding their approval of the using of Mr. Golembiowski's property as a disposal site for bulk waste from the Clyde Whirlpool Corporation.

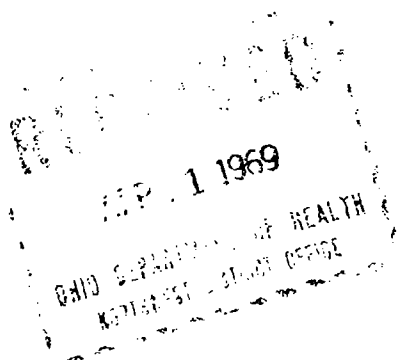

The board has agreed that if Mr. Vincent Golembiowski's property is approved by the State Department of Health as a disposal site for sludge wastes from the Clyde Whirlpool Corporation, the Sandusky County Commissioners would approve same subject to reconsideration of the board annually.

Yours very truly,

*Lee Snow*
